LAPTOP BAGS FOR 13-INCH MACBOOK AIRS

Below is a list of suggested MacBook Air laptop bags that meet the required specifications. They are not the only acceptable bags but should aid you in choosing one. **A backpack, even with a padded area for a computer, will NOT meet this requirement. It must be a separate bag, just for transporting the computer, with a shoulder strap. Do not purchase a bag made of neoprene.** I would also suggest that you buy a hard shell cover. This is optional but has proven helpful in protecting the corners from drop damage that results in an insurance claim (and a \$100 deductible.)

Suggestion for optional Hard Shell Cover. This one is available in a variety of colors.

(Be sure the cover you purchase is for the 2020 MacBook Air 13” Model A2179)

If you purchase a hard case shell cover, you will need to buy a little larger bag, so that the MacBook will fit when the shell has been added . See details below.
