If you follow the links, it will take you to either Quizlet sets for each individual chapter or to a Conjuguemos.com set that will let you practice the grammar concepts. There are some extra vocabulary terms that are added to the Quizlet sets. Any of the terms in the Quizlet sets can appear on your test.

You will have a test during the first week of school on the vocabulary and grammar concepts that are listed. I do weighted categories in my class and tests are worth 50% of your overall grade.

You have reviewed the listed grammar concepts in Spanish I and Spanish II so the only new information you will have are the vocabulary terms.

If you have any questions, email me at woodsonl@houstonacademy.com. I will be checking my inbox once a week during the summer. I suggest that you study for a few minutes a day so that you do not get overwhelmed trying to memorize all the vocabulary a few days before the beginning of the school year. We will continue to use the summer vocabulary for the first quarter doing other activities so if you do not memorize it, you will not only be unsuccessful for the test during the first week of school, you will not be successful for the first quarter.
